

The screenshot shows the USPTO Patent Search interface. At the top, there are tabs for Search, Class, History, Queue, and Print. Below these, a search bar contains the text 'USPAT: US-PCRUS: EPO: PO: DERWI' with a Search button to its right. Below the search bar, there is a field for 'Default operator' with 'OR' selected, and a checkbox for 'Highlight all hit terms only' which is checked. The main results area shows '2 and 10' at the top, indicating the current page range. The bottom of the interface features a navigation bar with buttons for First, Previous, Next, and Last, as well as buttons for 'Get Full Text' and 'Print'.
